- IK 07
- Robust construction with :

  Housing: strong plastic

  Glass: 5mm thickness mineral glass

DC/E/14-EV/REV03

Elaul Part Nr: 38201552

- This lantern FPMD is an emergency lighting device. Set on its charger PCPS, the portable light switches on when main light is out off order to ensure emergency on board.

- If the main light breaks down, the lantern switches on automatically to the secondary lighting in order to ensure emergency on board.

- As a portable lantern, it is possible to use it in technical areas thanks to its light weight and wide quality light beam.

> Made in France.
